4 Bedroom Flat - Penthouse located in London

An exceptional four-bedroom duplex penthouse occupying the upper floors of a distinguished Grade II listed building on Mount Street, one of Mayfair's most prestigious addresses.

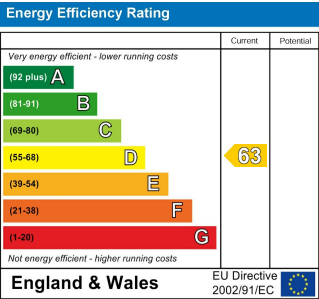

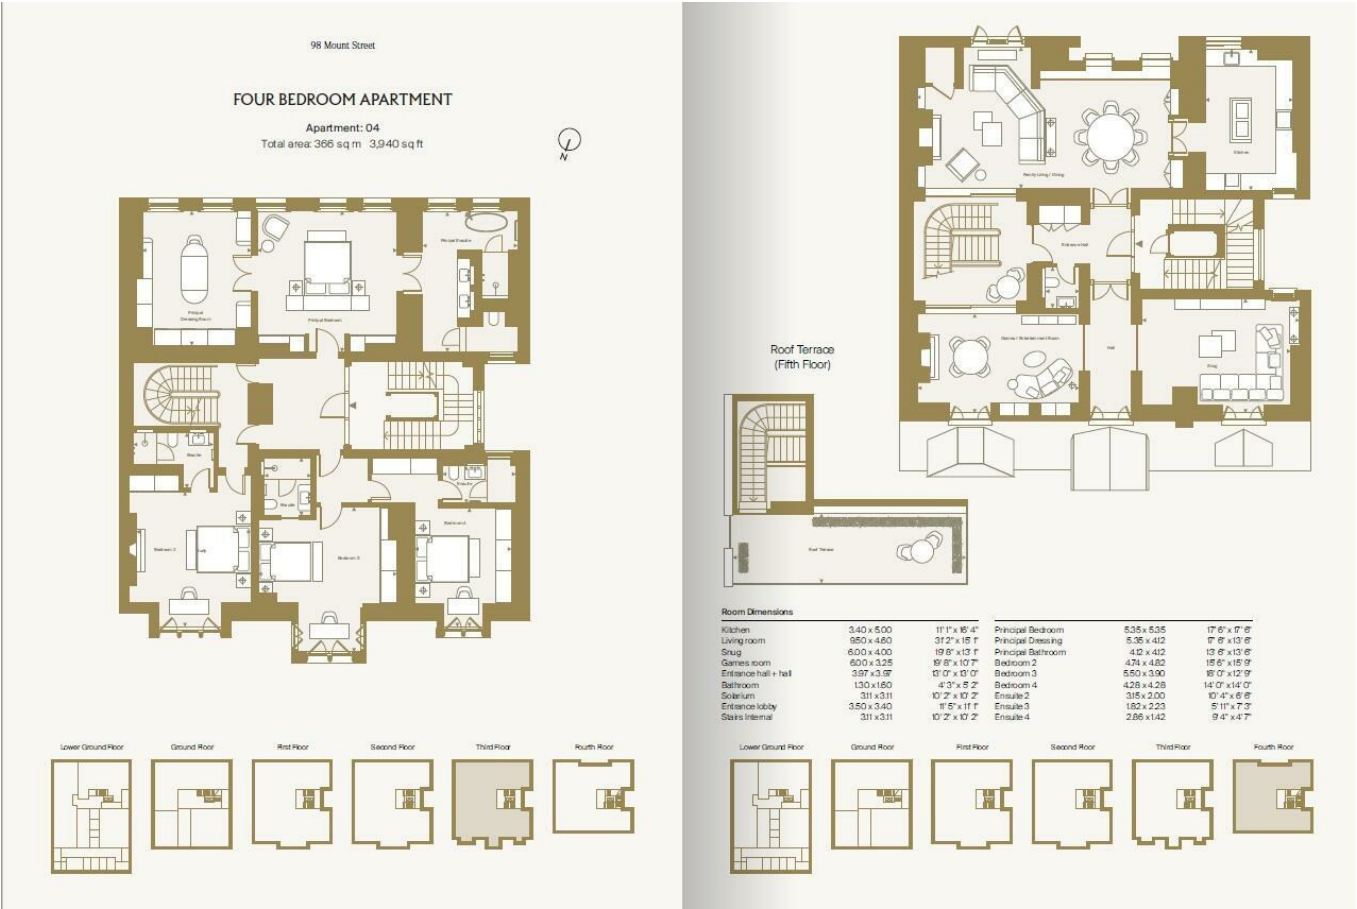

Extending to approximately 3,940 sq. ft., this remarkable residence has been thoughtfully arranged to provide generous family accommodation alongside impressive spaces for entertaining and everyday living. The principal living level features an expansive family living and dining room, separate kitchen, snug, games and entertainment room, solarium and access to a private roof terrace.

The bedroom floor comprises four beautifully proportioned bedroom suites. The outstanding principal suite includes a substantial bedroom, expansive dressing room and luxurious private bathroom, while each of the three additional bedrooms benefits from its own en-suite facilities.

The interiors have been curated by internationally renowned design studio SHH, carefully combining the building's period character with refined contemporary design. Natural stone, timber, tailored finishes and a calm material palette create an elegant yet comfortable home. The residence is offered fully furnished and benefits from excellent ceiling heights, abundant natural light, full comfort cooling, concierge services and professional on-site building management.
